

**The Society for Research in Rehabilitation**  
**Policy Subcommittee**  
**Mission Statement and Terms of Reference**  
**(2003, revised January 2017 v3)**

The Council of SRR has formed two subcommittees (Policy and Education). This document lays out the proposed work of the Policy Subcommittee.

**Membership**

Membership of the Policy Subcommittee will include the President (Chair), Past President, Past Secretary, PRO and the BSRM representative.

A review of the committee structure will be a standing agenda item on all SRR council business. This will guarantee that new members of Council are aware of their role and duties.

The Chair of the Policy Subcommittee will report back to all members of the Council at each Council meeting.

The current and planned work of the Policy Subcommittee will be a standing agenda item on all SRR council business.

**Main aims of the Policy Subcommittee**

- I. To promote rehabilitation research through liaison with national organisations and others who commission biomedical research.
- II. To keep aware of the strategic background (e.g. European and National R&D policies) that affects the commissioning and implementation of rehabilitation research,
- III. To respond to key initiatives/consultations relevant to rehabilitation research e.g. NICE and guideline writers.
- IV. To bring relevant matters to the attention of the Society.

*This policy will be reviewed with each new presidential election and modifying them as required.*
